Cruickshank's Orange Blossoms—are descended from Jessie by Sovereign. This family is from the same foundation as the Queen of Beauty's, coming through Queen of Scotland (a daughter of Edith Fairfax by Sir Thomas Fairfax (5796) whose daughter Queen of the South was one of the greatest cows of her day in all Scotland). Mr. Marr's great bull, William of Orange, was of this noted Orange Blossom family, as was also the prize winner Imp. Orange Blossom 18th, sold in 1876 for \$3500, and considered almost a model of perfection. She had much to do with bringing the Scotch cattle into the popular favor they now enjoy.

Imp. Eliza—a red cow, calved in 1881, and imported in October, 1883, by J. I. Davidson, Balsam, Ontario. She was bred by James Murray, Aberdeenshire, Scotland. Her descendants rank with the very best Scotch cattle of this country. It might be well to mention here that Mr. Davidson was one of the most discriminating importers on the American continent. His having imported her is evidence of a good foundation, and by the use of such bulls as appear in this pedigree is a guarantee of the best of breeding.
